The chosen Young Statisticians receive a certificate and are invited to the conference dinner. Furthermore, their conference fee will be waived.

Who should apply?

- Students at the end of their bachelor's or master's thesis or
- Post-graduate students / PhD students in their first year.

Your presentation should preferably cover the topic of your bachelor's or master's thesis. It can also include work in progress if no final research results are yet obtained.

Application and selection procedure

Please send your abstract, which should be in line with the general conference guidelines (www.dagstat2019.de), and a short CV in tabular form to
